

BULLETPROOF LEADERSHIP

TOOLS FOR IMPROVING MORALE, ACCOUNTABILITY & PERFORMANCE

**A ONE-DAY LEADERSHIP SEMINAR SPONSORED BY MVRMA
AND**

**PRESENTED BY NATIONAL SPEAKER CHIEF RON GLIDDEN
(RET.)**

Ron is a nationally recognized authority on employee performance issues. From his enlistment in the US Coast Guard to his over 26 years in local law enforcement (the last 17 as a police chief) Ron worked for and with a diverse group of professionals. He earned a B.S. in Human Services and a M.A. in Criminal Justice.

- As a trainer and a lifelong committed student of leadership, Ron has spent years researching the leadership strategies of successful organizations and their leadership teams. He's learned what it takes to build a workplace culture where employees are committed to their supervisors, their organization, and most importantly to those in the community that they served.
- Ron developed his *Bulletproof Leadership* training to provide public safety leaders with strategies to help them get the results from employees that they want (and that the public demands).
- This training equips leaders with the tools they need to improve employee morale, accountability and performance in the occasionally difficult and always demanding public safety work environment.

- The training is appropriate for both new and experienced supervisors and leaders of any rank or position who want to get better results from their employees.
- Today's leaders need concrete tools. Tools that are easy to use, work effectively, and produce **results!**
*** Ron's Bulletproof Leadership training has been certified by the International Association of Directors of Law Enforcement Standards and Training (IADLEST) as part of the **National Certification Program.***
